New Home, New Possibilities!

Ready by the end of 2025.

Our High Physical Support Specialist Disability Accommodation (SDA) homes are specifically designed to provide individuals with significant physical impairments the highest level of access and support. These purpose-built dwellings feature wide doorways, spacious hallways, and open-plan living areas that ensure easy movement for those using wheelchairs or mobility aids.

Enhanced Autonomy and Safety

Our homes feature **advanced assistive technologies** like automated doors and voice-activated systems to support independence. **With emergency call systems**, reinforced bathroom walls, and adaptable features such as accessible kitchens and bathrooms, safety and comfort come first.

Built to NDIS Standards

Compliant with the **NDIS High Physical Support category**, these homes deliver exceptional accessibility, functionality, and security for individuals with high support needs.

Empowering, Supportive Living

Designed for both **comfort and independence**, our HPS homes provide a balanced environment where residents can thrive, whether enjoying privacy or connecting with the community.
