New Home, New Possibilities!

Ready by the end of 2025.

Our High Physical Support (HPS) SDA homes are purpose-built for individuals with significant physical disabilities, offering maximum accessibility and support. Featuring wide doorways, spacious hallways, and open-plan living areas, these homes are designed to ensure ease of movement for wheelchair users and those with mobility aids.

Designed for Independence, Safety, and Serenity

Our stunning **High Physical Support** homes are thoughtfully equipped with features like **automated doors** and **voice-activated systems** to **enhance independence**. Safety is built in, with emergency call systems, **reinforced walls for support rails**, and **breathtakingly accessible kitchens and bathrooms** tailored to individual needs.

Built to NDIS High Physical Support Standards

These homes meet the strict requirements of the NDIS High Physical Support category — delivering exceptional **accessibility, functionality, and security** for people with significant physical impairments.

A Place to Thrive

More than just a place to live, our homes are **designed to support your lifestyle**. Enjoy the serene comfort of your own space and the opportunity to connect with others in a **caring, inclusive community**.
